

ANSWERS QUIZ BODY CONDITION SCORE

Below you can find a description of the Body Condition Scores; the goal is to give each animal the correct score.

- BCS 1 Very thin: Animal is emaciated and bone structure is visible in all areas.
- BCS 2 Thin: Thin neck and shoulders, bone structure discernible, small amount of fat deposit present.
- BCS 3 Ideal: Thick neck and shoulders, ribs not discernible, flat hips, fat deposits present.
- BCS 4 Overweight: Thick neck and shoulders, ribs not discernible, round hips, accumulation of fat deposits.
- BCS 5 Obese: Neck blends into shoulders, broad backside, very round hips, much accumulation of fat deposits.
