Huidige situatie

Voorbeeld scherm kwaliteitsmonitoring

The screenshot shows a quality monitoring interface for Speksnijder B.V. with Location GLN: 1100002405859. It displays environmental parameter values (Temperature: 25°C, Humidity: 88%, Luminance: 18.000) and a table of shipments. Red boxes highlight the environmental parameters and the 'Storage conditions' column in the table.

Shipment	Cultivar	From	To	Amount (trailing * plants/box)	Quality (A - B - C - D)	Storage conditions
GGH20120 802011	Lavendula			3*5*6	A	Suboptimal
VSP20120 802052	Buxus			2*0*12	B	Suboptimal
SPS20120 802003	Orchid			1*8*4	A	Optimal

- Overzicht van condities
- Overzicht van cultivars in docking
- Kwaliteit van cultivars
- Geschiktheid van opslagcondities van cultivars op locatie
- Alarmen voor probleemnotificatie

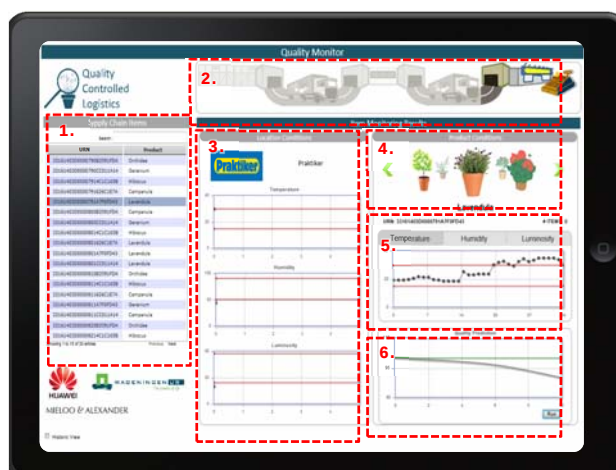

Voorbeeld scherm kwaliteitssimulatie

- Historisch kwaliteitsverloop gebaseerd op metingen
- Gesimuleerd kwaliteitsverloop gebaseerd op verloopmodellen
- Alarmen voor verwachte kwaliteitsproblemen
- Adviezen voor interventies

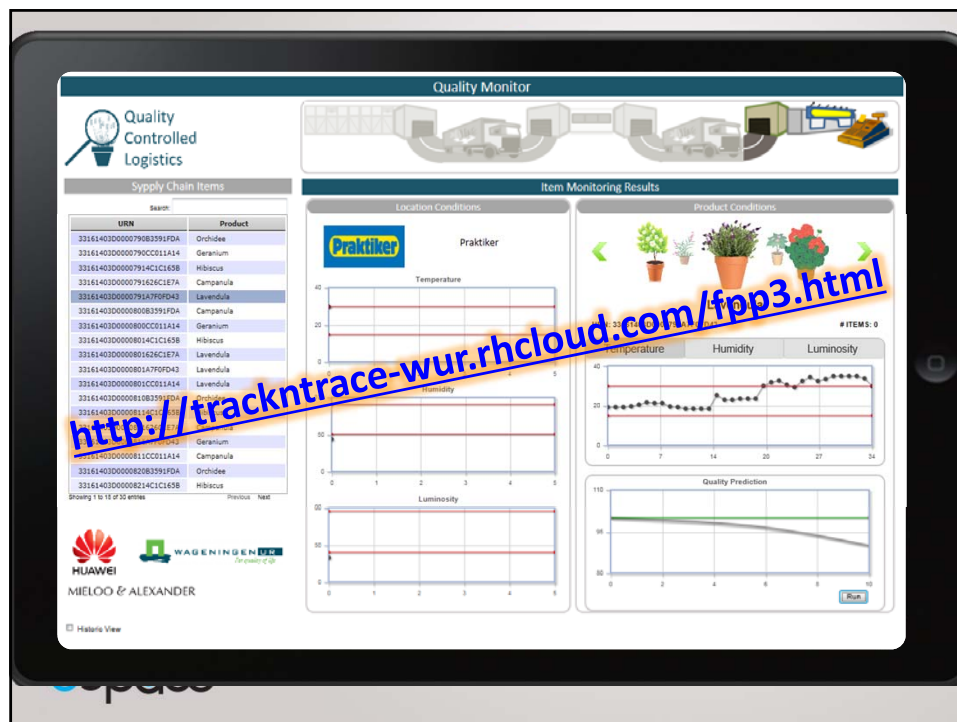

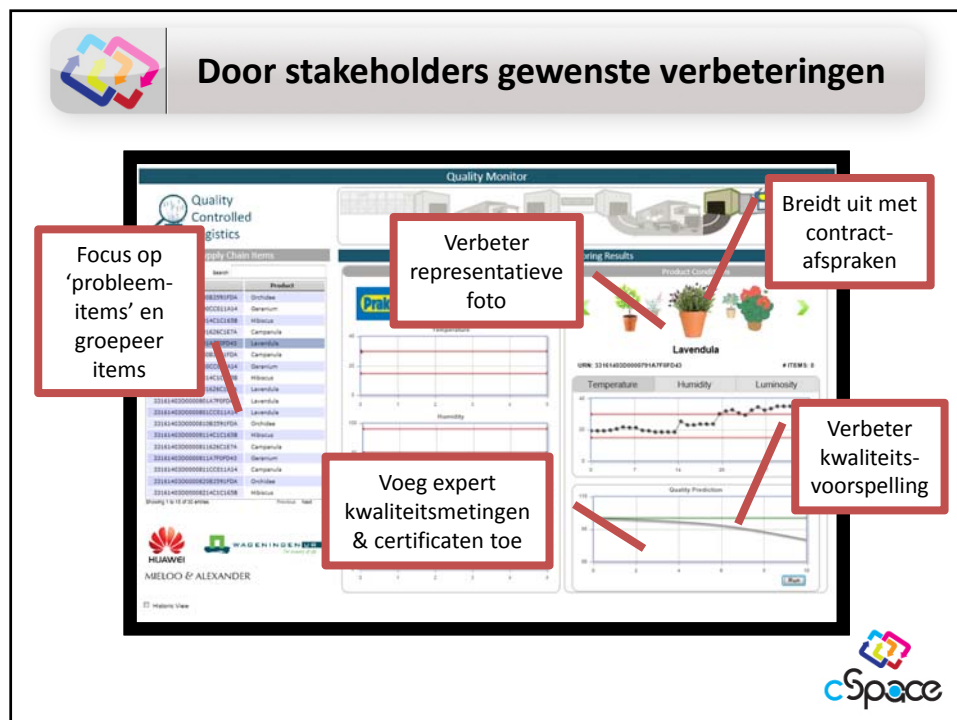

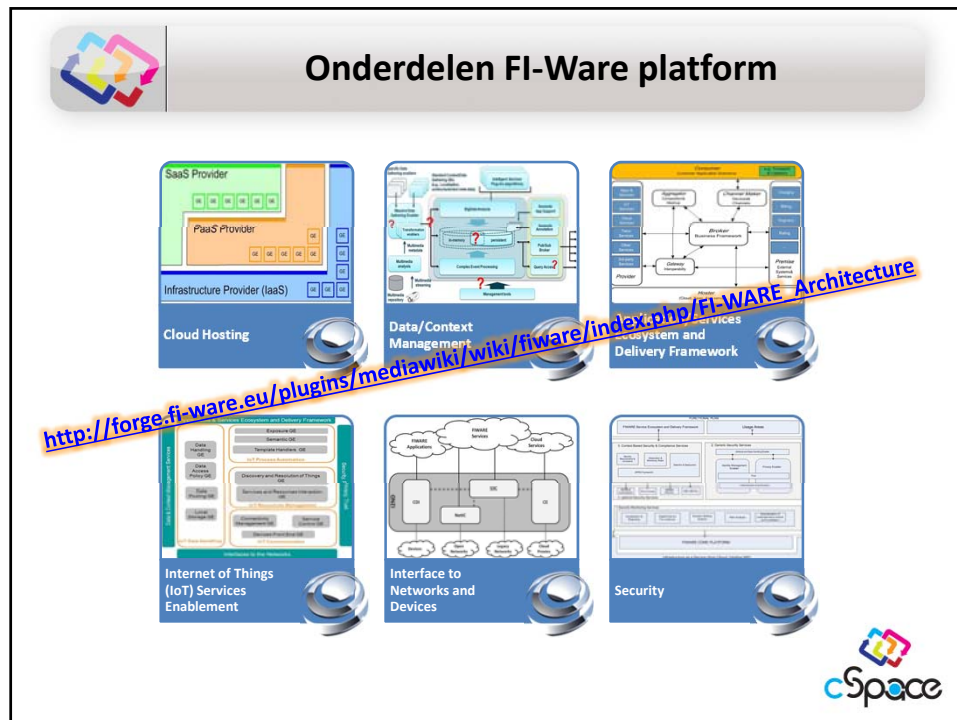

Prototype demonstratie

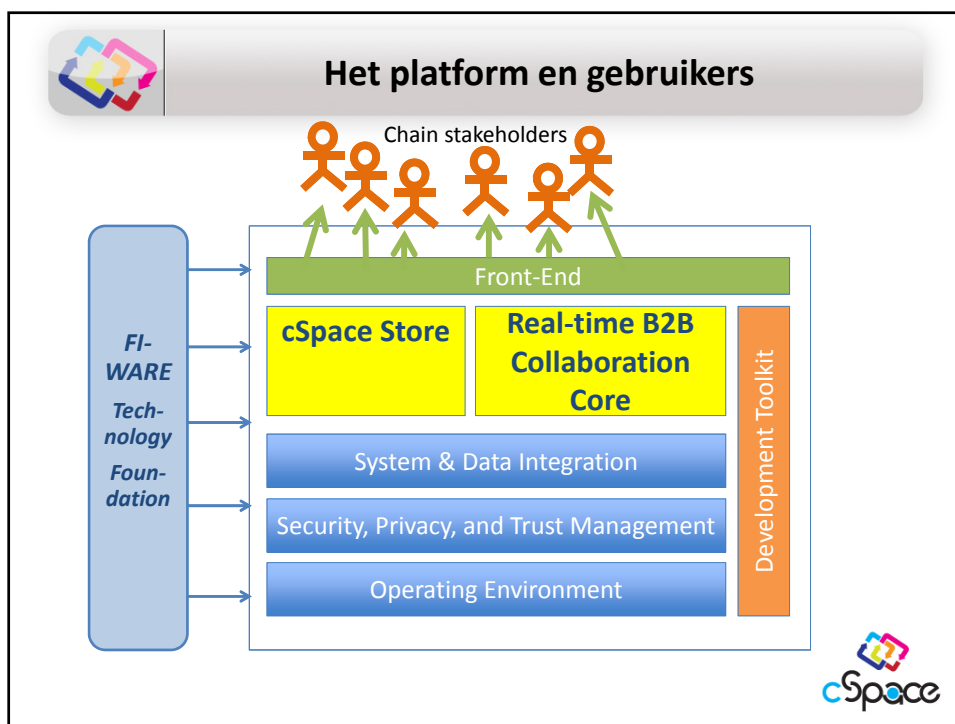

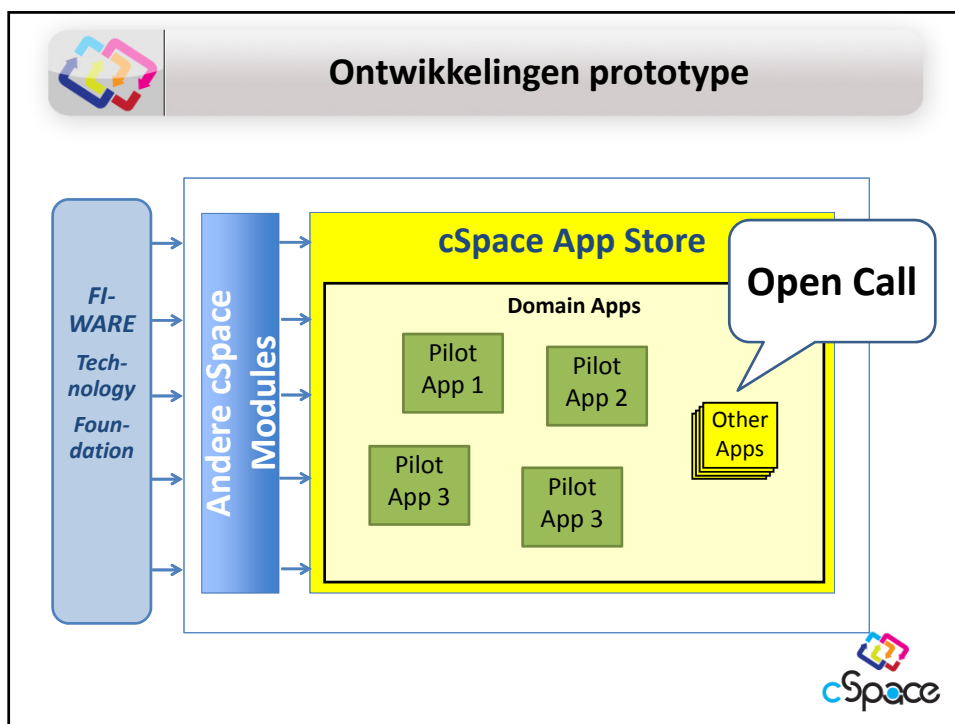

1. Zoeken en selecteren van objecten
2. Locatie van het object
3. Omgevingscondities locatie
4. Representatieve foto cultivar
5. Historie omgevingscondities
6. Verwacht kwaliteitstraject
