## Risk Management for Roads in a Changing Climate

Marjolein Mens  
Deltares

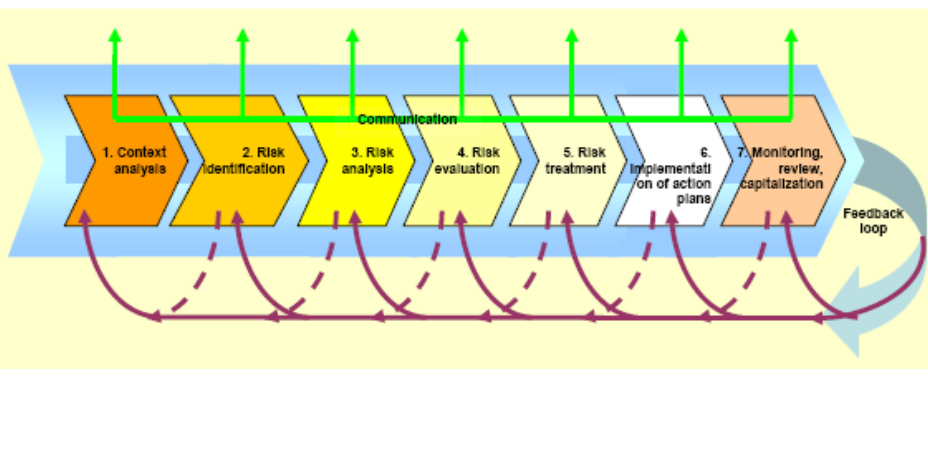

# RIMAROCC

- a common ERA-NET ROAD method for:
  - risk analysis and risk management
  - with regard to climate change
  - decision support for adaptation
    - measures
    - strategies

# The RIMAROCC framework

## Abstract of contents

- Criteria and indicators for roads
  - Vulnerability
  - Exposure
  - Consequences
- Guidance for risk identification
- Use of risk matrices for evaluation
- Level of acceptable risk
- Tipping point approach for choosing measures
