

PARTNERS FOR RESILIENCE

Lessons Learnt from Indonesia

- * **Good collaboration** among the PfR alliance and related key stakeholders, such as agriculture agency, food security agency, forestry agency, environment agency, university (Institute of Technology Bandung), BMKG (Meteorology and Climatology agency), DRR Forum, Watershed Forum, and other NGO's.
- * **Good integration** of PfR's 3 focus areas which are Disaster Risk Reduction, Climate Change Adaptation and Ecosystem Management & Restoration.
- * **Community** can do 3R / resilience measure by themselves, learning from and influencing each other on 3R approaches. **3R** is <u>Recharge</u> the water such as water trap, <u>Retention</u> of water such as through roof rain water harvesting, Reuse the water such as the overflow from roof rain water harvesting.
