Social Media

Leadership

- Understanding global narratives but create change locally
- Connecting people
- Inspiring change
- Identify gaps and potential for improvement
- Identify point of entry
- Translation language and tone of conversation
- Understanding needs
- Create incentives for others to act
- Innovative, social media

Proposal for Resilient City Connect

- Community of practice
- Resilience Scientist and Practitioners
- Dedicate willingness to be involved
- Pool of knowledge
- Resilient officer
- City as laboratory for research and policy innovations
- City gains access to local and international expertise
