## INTRODUCTION

Most of the bibliographies contain titles of publications from all over the world. Some however contain only titles of publications written in a specific language. Those lists are marked Nl (Dutch), En (English), De (German, Fr (French) or Es (Spanish).

The reviews are published in Dutch, but that on Nitrovin is also available in English and Spanish.

PUDOC offers for sale bibliographies ad Dfl. 0,70 per page (about 16 references per page) with a minimum of Dfl. 2,50.

Any request (PUDOC, P.O. Box 4, Wageningen, Netherlands) should specify serial numbers.
