

Calf rearing around the world

..
An overview to wake up to tailor made

Do we speak the same language?

How good are shortcuts?

The calving

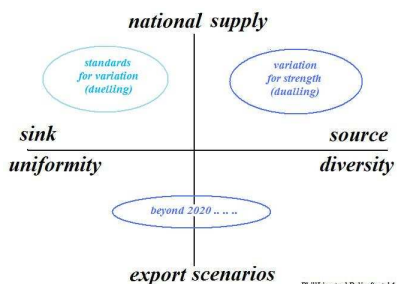

Tailor made

What are our scenarios
for the Philippines

Phillip Livestock Policy/Scott

Suckling on a cow calf operation

Young stock on a Queensland
Ranch

A dairy-beef herd?!

Suckling in Dutch Nature Management

Suckling on a Brazilian Urban Farm

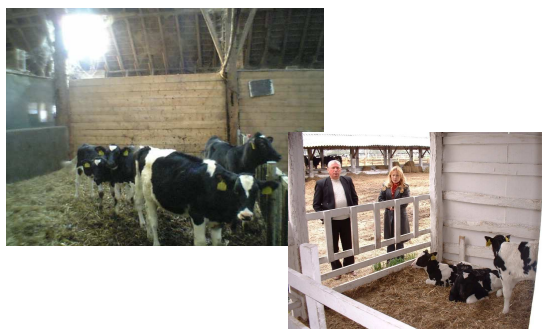

Calves and urbanites

Young stock on a Dutch Dairy Farm

Straw and good care ..

Raising calves on Brazilian dairy farm
(grazing in the hills)

Young stock rearing on the road side
(Kyrgistan)

Mexico .. urban dairies and calf rearing?

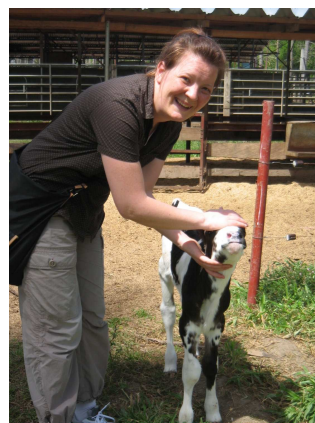

Intensive dairies ..

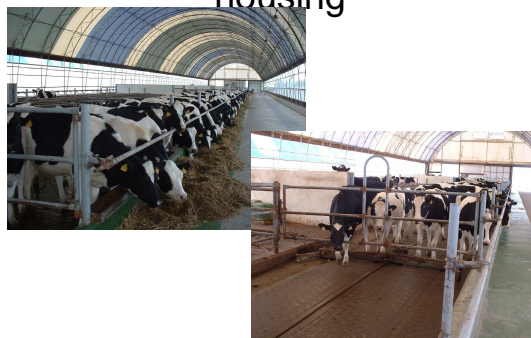

Stress ..

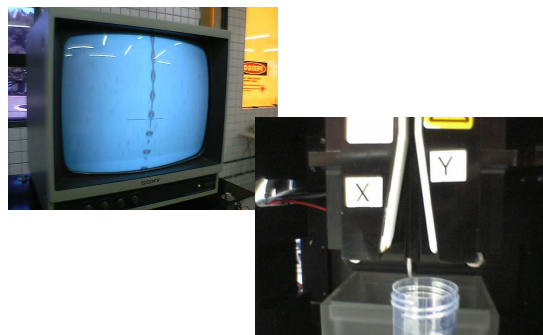

Numbers and emotions

Numbers again .. but good housing

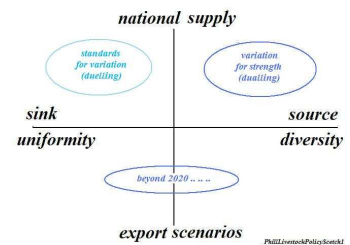

the sexing part ..

The calf is the future

What is our vision for the Philippines

More than one way to kill a cat/calf

- 'normal' beef
- white veal
- rose
- Batangas beef
- Kobe beef
- Wagyu
- dairy replacements
- X-breds ... for beef and milk or draught

*I may have
my faults,
but being wrong
is not one of them.*

what is
our vision .. ??
