

Doctor Piet·Boonekamp and Doctor Kees·Booij of Wageningen University visit FAFU**Doctor Piet·Boonekamp and Doctor Kees·Booij of Wageningen University visit FAFU**

In order to accelerate the execution of the Project-- "Tea Quality and Safety Control Applicational Technology", Doctor Piet·Boonekamp and Doctor Kees·Booij from Wageningen University, Netherlands visited FAFU on September 11, 2007

During the visit in FAFU, They paid a visit to the Applied Ecological Research Institute. Moreover, Doctor Kees·Booij gave an academic lecture about "The application of IPM technology in Tea Food Safety " for the students. And they also made a thorough and meticulous discussion about Tea Quality Control and Comprehensive Management of Vermin with the professors of FAFU.
