# An internet portal for the development of community oriented entrepreneurship

### April 2<sup>nd</sup> 2012, Daniël de Jong

# Outline

- Introduction
- Definition 'community oriented entrepreneurship'
- Viewing the portal
- Discussion

## Introduction

Entrepreneurial skills • Basic requirements • Professional skills • Management skills • Entrepreneurial skills • Opportunity skills • Strategic skills • Co-operatoin skills

(de Wolf et.al, 2007)

## Introduction

Competing claims
Netherlands ≈ urban
Respond on claims
Competitive
Functional
Future proof

## Introduction

License to operate

• Meeting needs and expectations

• Example food

No licence = less degrees of freedom in developing business

From community oriented entrepreneurship towards a portal

# Definition 'community oriented' entrepreneurship'

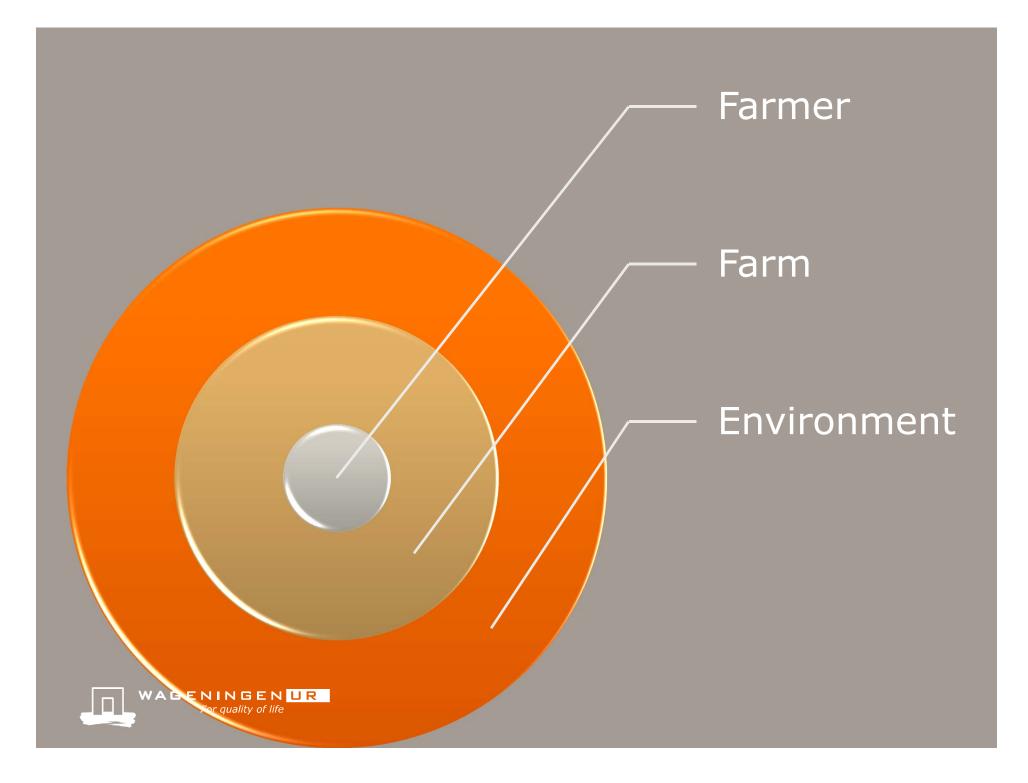

Integration of needs of the social an physical environment in the business strategy.

- Opening new opportunities
- Avoiding obstacles

# Building the portal

Existing knowledge and tools better accessible Prototyping approach • User groups as stakeholders Target groups • 1. intermediaries (advisor, teachers) • 2. (future) farmers • Content operates on three levels  $\rightarrow$ 

# Viewing the portal

### Offline $\rightarrow$ online

# Theme

# Content

# Content available in six themes

Home

- Neighbours
- Market
- Landscape & Nature
- Permits
- Multifunctional activities
- Climate & Energy
- Free test search

#### Content divided in

- Examples
- Getting started
- Courses
- Documents
- Links
- Tools
- Videos

#### Content page gives

- Description
- Link to content
- Provider of content

WAGENINGEN UR For quality of life

# Test session feedback – final prototype

#### From

- Reflect on yourself
- Get inspired / examples
- Getting started

#### ■ To

- Examples
- Getting started

## Test session feedback – final prototype

From `large' documents

To ready to use information

- Internet tools
- Works sheets

## Test session feedback – final portal

Advisors building and environmental permits
Theme is important

However, not going to use the portal because

- Lack time to discuss with farmer
- Some content is already offered by themselves / competition

## Discussion

#### **ANGSGERICHT ONDE.**

WAGENINGEN UR For quality of life

New topic for farmers and intermediaries

• 'Design for dummies'  $\rightarrow$  learning style (future0 farmers

From supply to demand driven content

Ownership of portal

## Further development

New test sessions for 2012

- On request of user groups
- Agricultural education
  - Already used in courses
  - Maybe as basis for new course

An internet portal for the development of community oriented entrepreneurship

DE MAATSCHAPPIJ EN EU LANDBOUWBELEID

AAP

Het Gemeenschappelijk Landbouwbeleid van de Europese Unie kost zo'n 50 miljard euro per jaar. Rona en Nils zijn allebei melkveehouder, maar hebben een andere kijk op welke diensten de maatschappij van ze verwacht, en wie daarvoor dan zou moeten betalen.
