

Climate adaptation strategy City of Copenhagen

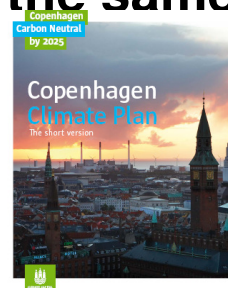

COPENHAGEN TOGETHER

CITY OF COPENHAGEN
The Technical and Environmental Administration

Why am I here?

- Copenhagen ambition
- Climate challenge is the same
- Tools the same
- Scaling

COPENHAGEN TOGETHER

The Technical and Environmental Administration

Copenhagen strategy (The four legs)

1: Risk assessment

2: Flexible solutions

3: Added value

4: Planning and ongoing review

**COPENHAGEN
TOGETHER**

CITY OF COPENHAGEN
The Technical and
Environmental Administration

1: Risk assessment

- **Possibility * cost**

**COPENHAGEN
TOGETHER**

CITY OF COPENHAGEN
The Technical and
Environmental Administration

2: Quality and flexibility

- Multifunctional solutions
- Quality in solutions
- Flexibility in capacity
- Flexibility for expansion

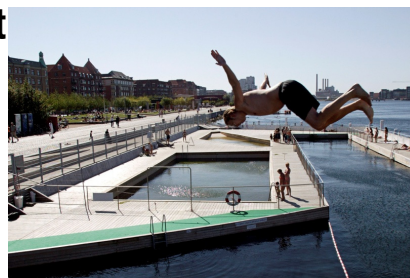

**COPENHAGEN
TOGETHER**

CITY OF COPENHAGEN
The Technical and
Environmental Administration

3: Added benefit in solutions Solution not only for adaptation to climate

- Recreational benefit
- Health and safety
- Support of other plans
- Biodiversity

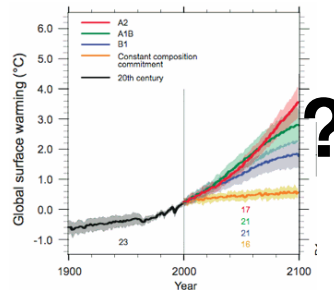

**COPENHAGEN
TOGETHER**

CITY OF COPENHAGEN
The Technical and
Environmental Administration

4: Planning and review of climate change adaptation plan (every 4 years)

- Future climate change is unknown
- The demand for the city of tomorrow is unknown
- We know that we don't know the future

COPENHAGEN TOGETHER

CITY OF COPENHAGEN
The Technical and Environmental Administration

What have Copenhagen achieved so far ?

- Rainwater management up to date
- Identification of risk

What is to be done ?

- Accelerated greening of the city
- Decide when to protect against storm surge
- Sustainable rainwater management
- Political accept of an full adaptation plan!
