Pillars for action

1. Monitoring progress and impact: United Against Food Waste measures the effects of its individual and joint approach.

2. Joining forces to combat food waste across the food supply chain:
Stakeholders and leaders combine their strengths, networks and knowledge to develop innovative solutions.

3. Joining forces to combat food waste by consumers:
United Against Food Waste aims to achieve sustainable changes in behaviour through campaigns, interventions and living labs.

4. Changing the rules: United Against Food Waste promotes the legislation and instruments needed to create a circular economy.
