PARTRIDGE Activiteiten

- Optimale inrichting demogebieden
- Monitoring van resultaten
- Uitdragen van successen
- Sociaal-economische voorwaarden
- Opschalen en bestendigen

Vogelbescherming NEDERLAND

Interreg North Sea Region PARTRIDGE European Regional Development Fund

EUROPEAN UNION

Veel communicatie

- Excursies, publiek en op aanvraag
- Persberichten & sociale media
- Artikelen
- Werkbezoeken (internationaal)
- Website https://northsearegion.eu/partridge/

Eerste resultaten

Biodiversiteit

- Patrijzen (wintertelling, zomerwaarnemingen, kluchten)
- Broedvogels (en overwinterende vogels)
- Hazentellingen
- Insectenmonitoring

Impact en bestendigen

- Grote bekendheid en publiciteit
- Keverbanken in ANLb
- Aanpassen regionale pakketten
- Fonds voor informatie-strategie 2019

Patrijzenbeheer

Succesfactoren:

- Samenhangend pakket van maatregelen
- Focus op alle knelpunten in de levenscyclus
- Gebiedsbenadering, 500 ha of meer
- Gebiedscoördinator én een veldcoördinator
- Communicatie, draagvlak

Vogelbescherming NEDERLAND

Interreg North Sea Region PARTRIDGE European Regional Development Fund

EUROPEAN UNION

Patrijzenbeheer

- Gebiedsproces, veel partijen, vraagt tijd
- Hoe maatregelen en inzet vergoeden?
- Stapeling van vergoedingen?

  Verdienmodellen?
- *zie ook Deltaplan Biodiversiteit!*

About the project

PARTRIDGE is a project co-funded by the North Sea Region Programme 2016 - 2020 which will look at how new management solutions can improve biodiversity and ecosystem services by up to 30%.

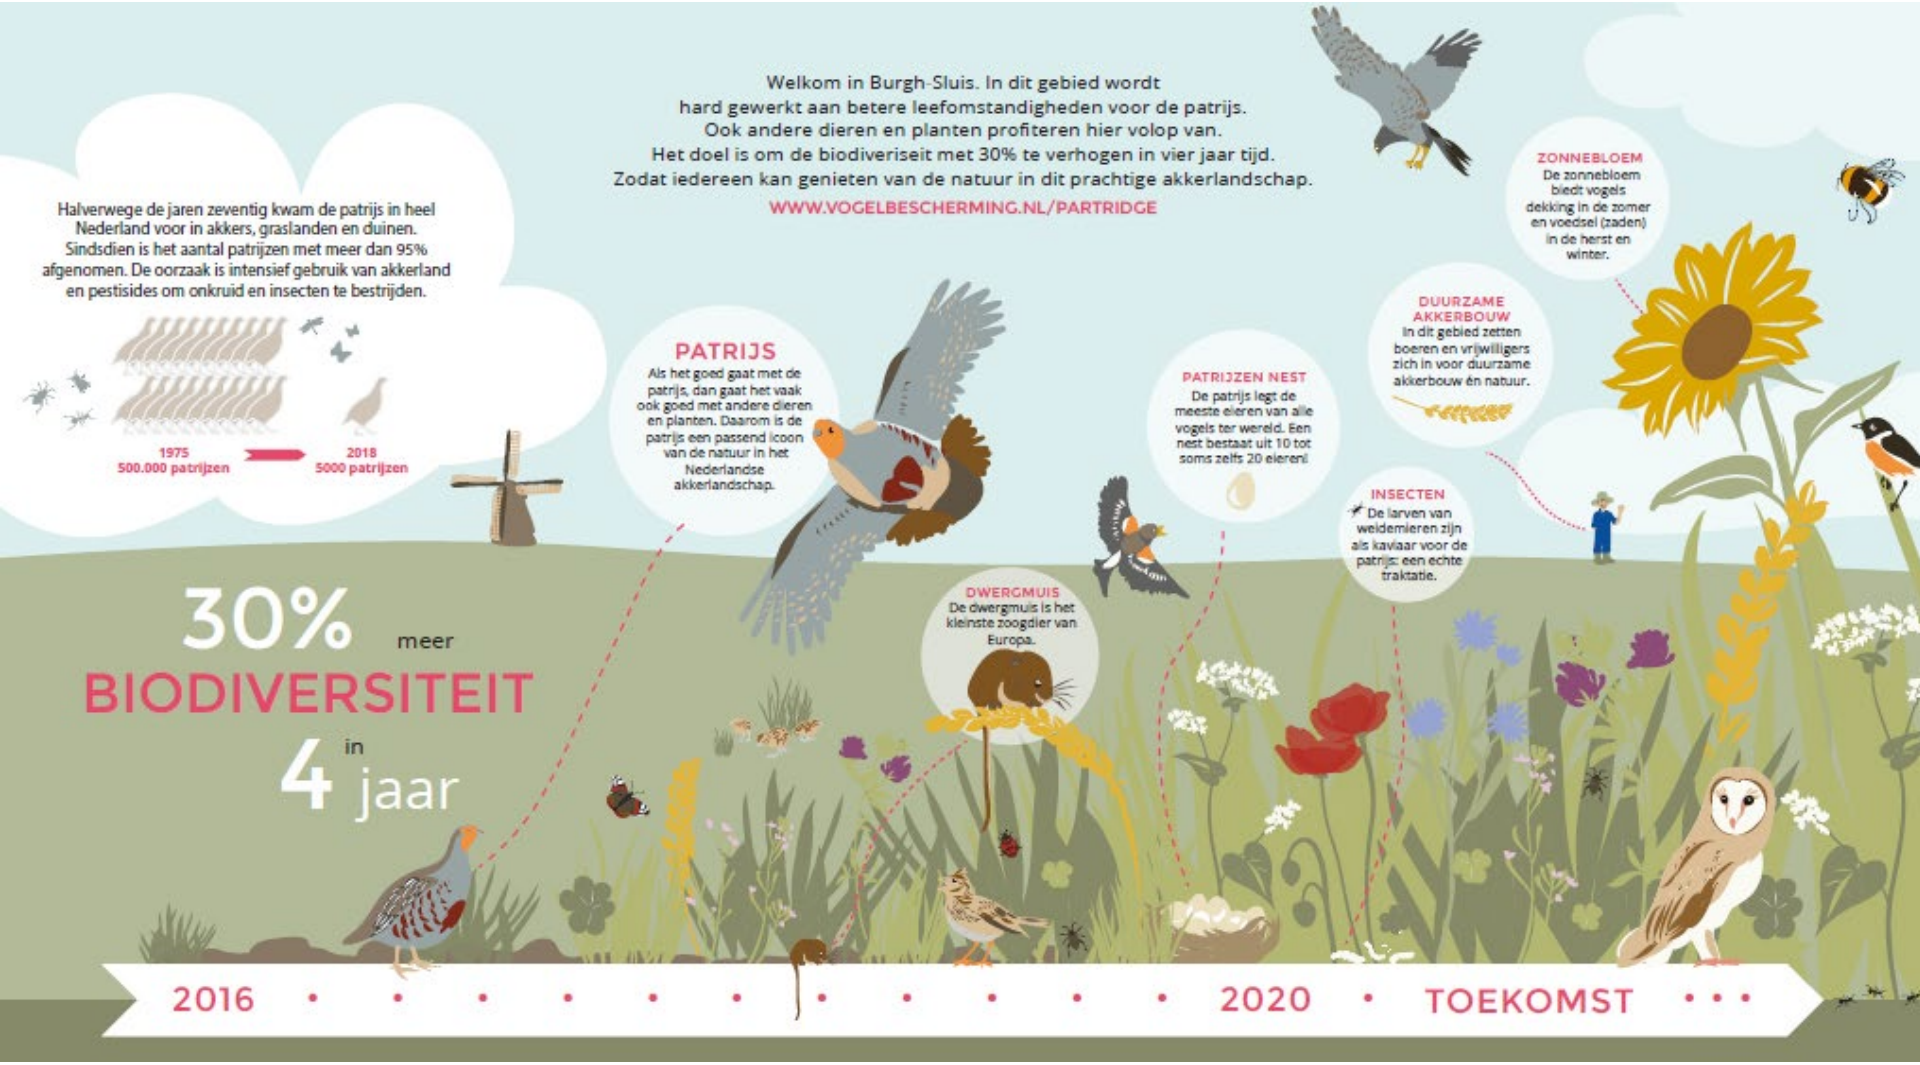

PARTRIDGE (Protecting the Area's Resources Through Researched Innovative Demonstration of Good Examples), is one of 11 new projects which were approved recently by the Interreg North Sea Region. The programme aims to make the region more innovative, resilient and sustainable.
