Extra information:

The information in this infosheet is the minimal information you need to provide. Always add extra information if important. Your Pure importer will contact you if the information you provided is insufficient.

If the publication belongs to a project of the ministry of LNV, provide the BO, KB or WOT number. If the publication belongs to a H2020 project, provide the grant number.

A scanned document can be added for information, but will never be made public. Original PDFs will be made public if indicated. The PDF is deposited in the e-depot of the library and a stable edepot link is assigned to the document. You can use this link on websites or in mailings.

To place the PDF of an article from a (professional) magazine, permission of the publisher, author (journalist) and photographer is needed. Send these permissions with the PDF of your article.
