A Corrigendum on

Modeling *Bacillus cereus* Growth and Cereulide Formation in Cereal-, Dairy-, Meat-, Vegetable-Based Food and Culture Medium

by Ellouze, M., Buss Da Silva, N., Rouzeau-Szynalski, K., Coisne, L., Cantergiani, F., and Baranyi, J. (2021). *Front. Microbiol.* 12:639546. doi: 10.3389/fmicb.2021.639546

In the original article, there was an error. Equations 2 and 5 had a mistake in their denominator. A correction has been made to **Materials and Methods**, *Bacillus cereus* Growth, Growth Monitoring and Modeling section to change Equation 2 to the following expression:

$$\gamma(T) = \frac{(T - T_{\max})(T - T_{\min})^2}{(T_{\text{opt}} - T_{\min})((T_{\text{opt}} - T_{\min})(T - T_{\text{opt}}) - (T_{\text{opt}} - T_{\max})(T_{\text{opt}} + T_{\min} - 2T))}$$

A correction has been made to **Materials and Methods**, Cereulide Modeling, Secondary and Tertiary Modeling section to change Equation 5 to the following expression:

$$\gamma_{\text{cer}}(T) = \frac{(T - T_{\max.\text{cer}})(T - T_{\min.\text{cer}})^2}{(T_{\text{opt.cer}} - T_{\min.\text{cer}})((T_{\text{opt.cer}} - T_{\min.\text{cer}})(T - T_{\text{opt.cer}}) - (T_{\text{opt.cer}} - T_{\max.\text{cer}})(T_{\text{opt.cer}} + T_{\min.\text{cer}} - 2T))}$$

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.
