1 Anabaena sp.			8																																							
2 Aphanizomenon sp.											3																															
3 Dactylococcopsis irregularis G.M. Smith		X								X		X																														
4 Lyngbya limnetica Lemm.		X	17			15			2	1	23	X		1	2		1	X	4	5	4						1	3	2													
5 Merismopedia (Meyen) sp.		X								X																			12													
6 Oscillatoria sp. 1			2				X		X	1	X																		X													
7 " sp. 2																													1	5												
8 Div. Cyanophyta (<15µ), Chlamydomonad		760	608	X		323			1547	902	311	91		1346	437													X	X	1	1											
9 Euglena div. sp.		27	23	X		8			27	25	3	1		27	9															675	622	368	19									
10 Lepocinclis ovum (F.) Lemm.		X								1																				2	28	1	19									
11 Phacus longicauda																															2		4									
12 " sp.		4	2			2			4	6	X			8			8	5	1													1	1									
13 Trachalomonas volvocina Ehr.									1																					X	1		12									
14 " sp.																																	1	6								
15 Chlamydomonas sp (>15µ)		393	86	X		14			116	647	42	49		917	22															2		7	7									
16 Chlorogonium sp.		44							13	25		1																		20	109	16	19									
17 Eudorina elegans Ehr.									†					25																	3		12									
18 Pandorina morum (Müller) Bory.														3																	11		3									
19 Actinastium Hantzschii Lag.		X																														X	-									
20 Ankistrodesmus falcatus (Corda) Ralfs		X	3	X					7	5	X			3			3	12	4	X	3	5	X							12		10										
21 Coelastrum microporum Naeg.														4			2	X														X	3									
22 Crucigenia fenestrata																																		1								
23 " tetrapedia (Kirch) W. et. W.									†																								1									
24 Coelenkinia radiata Chodat.									X																							X	1									
25 Kirchneriella contorta Boklin																																		-								
26 " lunaris (Kirch) Moebius			2			1				3				1					X												1		2									
27 " obesa (West) Schmidt		X							3																						6		7									
28 " sp.		1				X			X	3				X																	1	X	X	5								
29 Lagerheimia quadrisepta (Smith) Lemm.										1				X																			2	2								
30 Microactinium pusillum Fres.														1																		X	1	5								
31 Pediastrum duplex Meyen										X																								2								
32 Scenedesmus acuminatus (Lag) Chod.																																		1	X	2						
33 " acutus Meyen		1		X		1				3	X			3																			2		1							
34 " arcuatus Lemm.														X																			8	X	8							
35 " armatus Chod.																																			-							
36 " ecoris (Ralfs) Chod.																																		3		1						
37 " intermedius Chod.																																			-							
38 " microspina Chod.																																			X	-						
39 " quadricauda (Tapp) Rieb.		X	X						1	1	X	1		7	1		11	1															X	-								
40 " tenuispina Chod.																																			2	23	6	X	8	X	X	11
41 " sp. 1		X																																	X	-						
42 " sp. 2																																			2	X		11		4		
43 " sp. 3									X																												X	-				
44 Selenastium gracile Reinsch																																						-				
45 Trochiscia reticularis (R.) Hansgr.										X																												-				
46 Protococcus s.l. Agardh									5	X	X																												-			
47 Mougeotia sp.									X	X																													3			
48 Glosterium sp.									X																														-			
49 Cosmarium sp.									†																														1			
50 Hyalotheca sp.																																							-			
51 Ceratium sp.																																							-			
52 Peridinium sp.									X																														-			
53 Dinobryon sertularia Ehr.		2	X	†					X	1																													1			
54 Synura uvella E.									X	1																													6			
55 Cyclotella, Stephanodiscus e.d.		X		†																																			1			
56 Malosira sp.										X				X	X																								1			
57 Caloneis amphibiaena											X	X		X	X																							2	2			
58 Cymbella sp. 1			X			X			1		X																												-			
59 " sp. 2																																							-			
60 Eunotia sp. 1																																							-			
61 " sp. 2																																							X	-		
62 Fragilaria construens (Ehr.) Grun.				†																																			1			
63 " crotonensis Kitton																																							-			
64 Gomphonema acuminatum Ehr.									†																														1			
65 " parvula (Kütz) Grun.		X	10	X		6			1	5	9	3		7		1	1	1	6	3	2	4																17				
66 Gyrosigma sp.																																							-			
67 Hantzschia amphioxys			1																																				1			
68 Navicula anglica			X	†																																			1			
69 " dicephala (Ehr.) W. Smith										1																													3			
70 " hungarica Grun.			1	†																																			3
